Managing Director
ÜeberLeap Academy (Malaysia) Sdn. Bhd.

ABOUT THE COMPANY

At ÜeberLeap Academy, we believe that encouraging the constant development of soft skills, relevant knowledge, and technical know-how is the key to the advancement of workforce talents.

EXPERIENCE CUTTING-EDGE HIGHLY EFFECTIVE TRAINING METHODOLOGIES

Progress is dynamic and in line with this, we constantly stay abreast of the latest and most effective training and management methodologies available within the industry. Our programs are designed for long-term progress to impart tools and knowledge that will constantly nurture and bring the best out of people.

BOOST YOUR TALENT, GROW YOUR ORGANIZATION!

The success of any company is dependent on the quality of its employees and we are dedicated to presenting effective concepts and solutions to help them grow their knowledge and competencies. As they progress, these employees will, in turn, help companies grow, expand and transform.

A COLLECTIVE VISION FOR THE BETTERMENT OF THE NATIONAL WORKFORCE

Not only establish itself as the competent solutions provider in the industry but also as a platform for knowledge enhancement in soft and technical skills that will ultimately lend support to the Malaysian aspiration of becoming a developed nation.

OUR SOLUTIONS

Training & Development

We customize, develop and deliver effective training solutions, cost-effective and purpose, for outstanding results in achieving the desired human capital development, engagement, and enhancement.

The key characteristic of ÜeberLeap Academy is our dedication towards results. Our training philosophy focuses on the acquisition of knowledge, skills and competencies as the most important performance indicators in any training courses we conduct.

With a highly dedicated team, we are always focused on ensuring positive growth as a key outcome following the training of technical or practical skills and knowledge.

Each one of our customized training programs targets specific goals to improve one's capability, capacity, productivity and performance. To do this, we utilize the best and most current facilities in which to engage with trainees. In line with this, our partners provide some of the best technical lab facilities available for training.

In addition to employing the best facilities, we utilize the best methodologies to interact and educate. We facilitate through case studies, role-playing and simulation that provide realistic and practical examples for trainees.
